GENERAL NEWS.

A few days ago Mr. A. T. Stewart, of New York, offered to give \$1,000,000 for the erection of dwelling houses for the poor of that city, provided the land on which to erect them was furnished. In Wednesday's N. Y. Tribune there is a communication signed "J. H." in which the writer says: "Fully appreciating Mr. Stewart's munificence, I now propose to furnish lots enough in this city on which to erect as many buildings for the purpose proposed as the money offered by him will build."

A project is on foot for supplying New York city with gas manufactured at the coal mines in Pennsylvania. It is proposed to convey it through iron pipes, a distance of one hundred and fifty miles, to the city. It is asserted that it can be furnished at a much cheaper rate than is now paid.

Theodore Dwight, one of the most distinguished linguists in America, died in Brooklyn on the 16th inst., aged 70 years. He was a son of Hon. Theodore Dwight, formerly member of Congress, and for many years editor of the New York Daily Advertiser.

A church difficulty and a riot occurred at the M. E. Church, near Brownsville, Montgomery county, Md., last Sunday week—one party refusing to permit the other party to preach in the church, and the latter attempting to take possession.

Watteau waist, Spanish flounces, paphums and Landell's, in opposition to high corsets, plain good skirt, and paletot and turbans are the "go" in New York.

The first piece of gold found in the United States is said to have been found in Cabarrus county, North Carolina, in 1793.

THE GOLD MARKET.—The New York Stockholder gives the following view of operations in the gold market:

The first of November releases over eighteen millions in gold from the Treasury, interest on the five-twenties of 1892. At the present price of gold this will probably be converted into currency, bringing near thirty millions.

The gold market will undoubtedly yield for a day or two, the strong and vigorous hold of the master-workers there relaxing for a time to receive this new accession of gold into the mercantile mass, when, closing over it, the manipulators of the gold trade will again remorselessly put the price where they may, to the cost of the importing merchant, and all who have actual need of coin.

The gold market has become no place even for reasonable speculation. The controlling parties there play what is called an "open or shut" game. They win, lose who may. The appreciation of the fact has driven from the field many who would otherwise speculate in gold. The Federal and State securities, railway shares, &c., are now so inviting that none follow the hoarse exhortation of the gold-room except inveterate gamblers, willing to encounter the broad-street tiger, and those who are compelled to buy for payment of duties, &c.

MORE KNAVE THAN FOOL.—On Monday evening a week, a stranger of rather fine address, genteelly clad, of dark complexion, with heavy black beard covering the chin, of good size, and apparently about thirty years of age, visited our town on a tour of recognition generally. He gave his name as Rust, from Warren county, Va.; has been in the Confederate army, and was acquainted with the members of the "Stonewall Brigade" generally. His devices to swindle our citizens were varied, and, unfortunately, managed with much adroitness, that he in part succeeded. He borrowed ten dollars from alady, purchased a store on hire, also a large bill of goods, and left on a hired horse. Rust, alias Charles W. Spicer—his true name—was arrested near Middleburg, in Loudoun county, on Wednesday. He was committed to the Leesburg jail, and evidence enough elicited to prove him a notorious horse thief, having stolen even his father's horse, and sold him in Frederick City. He was, as stated, from Warren county, but a notorious character in his line of operations during the war and since. —*Charlestonian Special.*

BLADES' EUPHONIAL LUBRICATORS! THE PEOPLE'S MOST SURE AND EFFECTUAL REMEDY
For Coughs, Colds, Croup, Catarrh, Asthma, Bronchitis, Diphtheria, and all Pulmonary Diseases.

For coughs and colds they are invaluable.
For Catarrh, Asthma and Bronchitis they have no equal in the market, (the certificates accompanying each box.) Diphtheria, that dreaded and desolating disease, they control wonderfully and almost immediately.
No public speaker, singer or teacher should be without them, as they remove hoarseness and strengthen and clear the voice.

ASIATIC CHOLERA.

PREVENTIVE AND CURATIVE.
The cause of Cholera is always found in a deranged state of the digestive fluids, particularly the bile which has been put in disorder by climatic or other atmospheric causes. The biliary functions are thus prevented from fulfilling their functions, and consequently the whole circulation is thrown into disorder. The more one's system is thus deranged by unhealthy habits, or irregular habits of living, the more easy will we become the victims of ASIATIC CHOLERA.

Asiatic Cholera is a terrible complaint; it takes its victims with a rapidity unknown to any other malady; the slightest neglect against sanitary rules is almost sure to be punished with death. Yet Cholera is curable, like all other diseases, and in this crisis we possess a remedy which is a perfect safeguard against it. Experience in thousands of cases, particularly in 1850, in Germany, and in the Cholera season just past in Paris, Constantinople and other cities of Europe, has proved the use of PROF. WUNDERLICH'S CHOLERA ELIXIR the surest preventive against the malady.
